Re: Rick Horvath

Dear Steve,

We have worked with Tombleson, Inc, and particularly with Rick Horvath for over 10 years, and would highly recommend Rick as Supervisor on any project of any complexity. During his work at Salinas Valley Memorial Healthcare Facilities, Rick was involved in such projects as: The Heart Center, with Cardiac Cath Labs and open heart operating rooms; Diagnostic Imaging and CT Projects, Neonatal Intensive Care Unit, Surgery Remodeling, to name a few.

Rick has always been friendly to staff, highly professional and extremely skilled. We look forward to working with Rick again.

Sincerely,

A handwritten signature in black ink, appearing to read 'Barry Mosesman', with a long horizontal line extending to the right.

Barry Mosesman, AIA, ACHA  
President
