TO WHOM IT MAY CONCERN:

The Salinas Union High School District has had the pleasure of working with Tombleson, Inc. while they constructed the Addition to Alisal High School.

This project was a thirteen classroom addition building. Tombleson, Inc. and their Job Superintendent Billy Armendariz were cooperative and responsive to the District's requests and needs. Billie stayed on top of the Project and worked well with the District's Inspector, testing firms and Architect. The project was completed in a timely and professional manner.

Tombleson, Inc. also completed relocatable projects for the District in the past.

I would enjoy working with Tombleson, Inc. on other projects in the future.

Sincerely,

A handwritten signature in cursive script that reads 'Karen L. Luna'.
