

November 20, 2001

Mr. Don Locke  
President  
Tombleson Construction, Inc.  
651 South Sanborn Place  
P.O. Box 1388  
Salinas, California 93901

Dear Don,

This letter is to reiterate our earlier conversation of how pleased Strategic Construction Management, and our mutual client Central Fire Protection District is with your work on the New Fire Administration Building and Thurber Lane Fire Station, Santa Cruz California. It is not often in public bid environment that our firm and/or our clients are fortunate enough to have the successful bid contractor provide both quality and professionalism.

Tombleson Construction, Inc. Exceeded our Expectations.

I look forward to working with your firm as often as the opportunity presents itself.

Sincerely,

David L. Robison  
Principal

Cc: Chief Bruce Clark, Central Fire Protection District
