Salinas, Ca 93901

Dear Don & Steve,

I just want to express my sincere appreciation to you and your staff for the very seamless and timely reconstruction of our Nuclear Medicine cardiac imaging room in Cislini Plaza from 10/13/00 to 10/16/00.

Craig Plant helped the project flow smoothly and accurately and efficiently resolved issues as they arose.

I hope I am lucky enough to work with you and your staff on future projects.

Sincerely,

David Rice, CNMT
Manager, Nuclear Medicine
